

Musconetcong Watershed Association

September 13, 2019

Dear Friend of the River,

The Musconetcong Watershed Association (MWA) is excited to announce that we are hosting a **dinner to celebrate our Asbury Mill restoration progress on Thursday, December 5, 2019 at Hawk Pointe Golf Club** in Washington, NJ. This past year, the Mill's exterior has really come to life, and we are looking forward to celebrating past, present and future highlights of his historic landmark.

During our dinner, we plan on showcasing individuals who helped bring us to this point, including Steve Riddle, CEO, Asbury Carbons who is the evening's honored guest. We are also hosting a silent auction with some great prizes! All proceeds will benefit the further restoration of the Asbury Mill. Looking forward, we plan to host more public tours of the Mill.
